Description:

Here's an approach that can make a genuine difference in the quality of your life and in the lives of those you love. Dr. Laura Schlessinger delivers a witty, wise, and workable moral philosophy based on the principle of personal responsibility. With a lively, pull-no-punches style, she takes on the moral dilemmas of our time, and demonstrates in no uncertain terms that personal values are always our own responsibility, and that choosing not to honor them actually compounds unhappiness. Finally, she explains that by disciplining self-indulgence and rising above temptation, we can discover the infinite pleasure, the true happiness, of the moral high ground.
