Description:

Review If you are like me - always in a rush and never time to cook a good meal after work - this book will help you prepare fantastic, great tasting, and healthy dishes with minimal effort. Yes, get that slow cooker out, and try some of these recipes. They are as easy as counting from 3 to 1: cut the ingredients, put them in the slow cooker, turn it on, and voila: when you come home from work, supper is ready to be served. From Apple Butter to Mexican Taco Soup: there is something in this slow cooker resource for everyone.
