- * A new way to garden with 80 percent less space and work
- * The companion book to the nationally acclaimed television series
- * Over 900,000 copies in print

About the author

Mel Martholomew, a retired engineer, found the answer to the frustrations of most gardeners, "I found a better way to garden," says Mel, "one that's more efficient, more manageable and less work." **The result is Square Foot Gardening.** His method has received world-wide recognition for its simplicity and uniqueness and has been written up in every major newspaper and gardening magazine.
