Description:

From Publishers Weekly Even though psychic Cassie Neill has traveled more than 3,000 miles away from Los Angeles, she finds that she cannot escape her destiny, any more than victims can escape the serial killer stalking the small town of Ryan's Bluff, N.C. Having retreated to an isolated home left to her by an aunt she never met, Cassie thinks she may have found peace at last. Her psychic ability to connect with the minds of killers and to see through their eyes has allowed Cassie to save lives, while all but destroying her own. Ryan's Bluff seems like the perfect hideaway, but it is not long before Cassie is plagued by visions once again. Cassie knows that local officials will be skeptical of her abilities, particularly since her aunt, also a psychic, was considered the town

eccentric. So she goes to Judge Ben Ryan for help. When her claims that a murder is about to take place prove true, cynical town sheriff Matt Dunbar grudgingly accepts her help. In spite of occasional stiff dialogue and some clichéd language, Hooper (Haunting Rachel) constructs a fast-paced, suspenseful plot in this first book of her new series. She does a skillful job of making Cassie's psychic abilities seem like fact rather than fiction, explaining carefully how it is that Cassie can enter the mind of a serial killer and how she might get trapped there. And while the budding romance between Cassie and Ben is awkward and their dialogue seems forced, the story's complicated and intriguing twists and turns keep the reader guessing until the chilling ending. (Sept.)

From The first in a planned "thrill-ogy" of suspense novels, this is a serial killer tale charged with deeply felt dread and romance that will steal readers' hearts. Cassie Neill has inherited a psychic gift from her mother that is a mixed blessing at best because it enables her to enter the minds of serial rapists and killers. From her aunt, she inherits a house tucked away in a corner of quiet little Ryan's Bluff, North Carolina, where she takes refuge, hoping to distance herself from the grueling work she's done for the Los Angeles Police Department. But, just as there's no rest for the weary, there's no rest for the wicked either, and visions of a deranged man's plans to kill prompt Cassie to visit Ben Ryan, the small town's prosecuting attorney. Skeptical but interested, Ben finds himself drawn toward the oddly bewitching Cassie, just as she is pulled ever further into the psychotic soul of evil. *Whitney Scott*
