The best history of the UFO phenomenon in one volume that I have ever read. -- *Loy Lawhon, UFO researcher and columnist*

This is a thorough and monumental undertaking. I applaud your effort. -- *Dr. Edgar Mitchell, Apollo 14 Astronaut*

This is an inspiration. Prior to reading the book, I would have considered myself quite skeptical. However, at certain points I couldn't stop reading, even though circumstances said I should. -- *John Belluardo, New York, NY*

From the Publisher This book is a unique achievement in the field of UFO scholarship. Based on research of hundreds of official and fully documented sources, Richard Dolan has presented an astonishing level of detail, sophistication, and clarity to a topic all-too-frequently dismissed as an adjunct of pop culture.
